DETAILED ACTION

*Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 17-21 rejected under 35 U.S.C. 102(b) as being clearly anticipated by DE-10121866.

DE'866 teaches the preparation of light colored fatty acid polyol esters wherein transesterification takes place between a fatty acid esters and polyol (glycerin) in the presence of a catalyst and borohydride.

*Allowable Subject Matter*

3. Claims 24-53 are allowed.

4. Claims 2-16, 22-23 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Deborah D Carr whose telephone number is 571-272-0637. The examiner can normally be reached on Monday-Friday 8:30-5:00.
